The photos and captions in these two columns will help to give you a better idea of what you will encounter when having your Open MRI at a Drs. Hill & Thomas Co. Outpatient Imaging Center. We hope that this will put your mind at ease and dispel any misconceptions with regards to just what to expect.
The photos and captions in these two columns will help to give you a better idea of what you will encounter when having your High-Field MRI at a Drs. Hill & Thomas Co. Outpatient Imaging Center. We hope that this will put your mind at ease and dispel any misconceptions with regards to just what to expect.
